25X1

On 7 August 1953, 12 Il-10s landed at Staaken airfield and later took off and headed west. <sup>1</sup> At 6:30 a.m. on 10 August, 8 Li-2s were parked in front of the hangars. While on a train, source heard the rumor that Staaken airfield was to be vacated and subsequently would be occupied by VP. <sup>2</sup>

- 25X1 1. Comment. The presence of 12 Il-10s at Staaken airfield was previously reported by another source. From the tactical symbol then observed on the aircraft it was inferred that the aircraft belonged to the ground attack regiment at Reinsdorf airfield.
- 25X1 2. Comment. The transport unit at Staaken airfield transferred to Schoenefeld between 7 and 9 August 1953.
